

MONEY RELOADING INTO COMET BY USING RANDOM CODES

Main principle for this method is, that first you get a code FROM YOUR COMET, next make a payment at our website by using this acquired code. You will get code back from our website. Then enter this received code back to your Comet, and Comet money account will rise.

You can use code reloading method with any Operating System or internet browser. There is no need to install anything into your computer. You can reload money in your Comet, where ever you have access to the internet. All you need is internet, Comet, Credit Card or Bank payment codes.

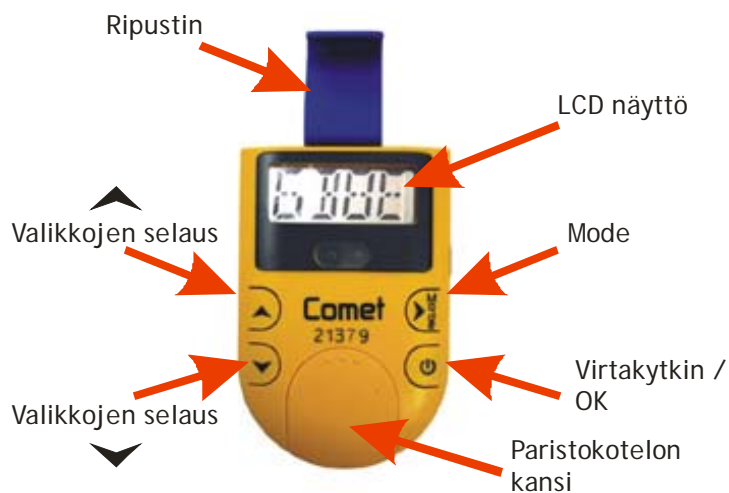

If there appears any problems during reloading process, please make us a phone call to our Help Desk 0100 87 870 (25 snt/phone call + 25 snt/min + pvm) or send us mail info@comet.fi. We are glad to help you!

COMET RELOADING BY USING CREDIT CARDS (Visa, Visa Electron, Mastercard, Amex)

1. Use "**Pay by credit card**" -form. Select your own credit card type (Mastercard, Visa, Visa Electron, American Express).
2. Enter your credit card number.
3. Enter your credit cards expiring date.
4. Select the amount of money to be loaded in your Comet. Please note, that an additional sum of 10% is charged. **Please be careful, select the same sum in website as in Comet** (later on in instructions).
5. Enter your credit cards verification code (CVC/CVV) to payment form. It is found behind your card (Visa/Visa Electron, Mastercard), it is located next to signature field. Code is 3 numbers and it is printed on white field. Amex´s CVC is printed in the front of the card, and is 4 digits.
6. Enter your Comet serial number. It is found engraved on the device´s front cover, and printed on the sticker behind the device. Code is 8 numbers long, and starts with 090XXXXX.

7. Enter the acquired code to **"Random Code acquired from your Comet"**. The code is 4 digits and it is acquired FROM your Comet. Please read step-by-step instructions, how to get it:

THE STEPS:

- a) Start Comet by pressing **POWER-/ OK-button** so long that you see some text on Comet display. Wait, that a parking zone code appears on the Comet's screen (For example HL11)
- b) Next, press **MODE** -button so long, that text **"LOAD"** appears on the screen.
- c) Confirm by pressing **OK shortly**
- d) Now you can see **"VAL"** on the screen (amount of loaded money)

e) Press **OK shortly**, and you will see **"VL:10"** on the screen. Number is blinking.

f) Use  and  to select appropriate amount of money to be loaded into your Comet (this amount has to be same as you selected in our website!)

g) Press **OK shortly** to confirm selected amount.

h) There appears **"SCOD"** on the screen for one second, and after that there appears 4 digits long code (for example 6B8E). This code you have to enter to the Comet website's payment form, field **"Random code acquired from your Comet"**.

8. When you have entered all the needed information about credit card, Comet device, amount of money and acquired code click on **"Make payment"** -button. After that, our website gives you back a 4 digits code (letters A-F, numbers 0-9). This code should be entered into your COMET. The code appears below the used payment form. **PLEASE WRITE IT DOWN, BEFORE YOU LEAVE THE SITE.**
